Modular Series Dual-Pole Large Universal Adaptor

FOR 46" TO 90" DISPLAYS

Peerless-AV's Modular Mount Series features a full range of products to fulfill multiple requirements with a limited number of components. The universality of the components allows you to configure your own perfect custom flat-panel display or projector mounting solution for any application. The Modular Mount Series was developed with the professional AV installer in mind with a 2" (50mm) diameter support pole that can be easily cut to length on the job site making it ideal for new projects as well as for upgrading existing installations. The MOD-UNL2 provides additional screen fitment to the MOD-FPMS2 and MOD-FPMD2 models.

The dual pole design of the MOD-UNL2 provides strength and stability, so you are able to install larger displays within your application.

GET IT RIGHT™

Additional Features

- ☑ For 46" to 90" displays

- ☑ Compatible with VESA® patterns from 300 x 200 to 600 x 400mm

- ☑ 211lb (96kg) max weight capacity
