

Designed to cut and strip the most commonly used stranded and single conductors, this wire stripper is the perfect tool for cutting and stripping wires 20-30 AWG (0.81-0.25 mm). This wire stripper features the following:

- Coil spring reduces hand fatigue when using the tool for extended periods of time
- Conveniently located holes make bending and looping wire quick and easy
- 50 HRC black oxide finish enhances strength and durability of the tool
- Cutting edges are hardened, tempered, and ground for superior cutting and stripping
