

Wi-Fi Smart Lock

A smarter way to a secure home.

Our smart lock is easy to install and attaches to your existing deadbolt on the inside of your door so you can keep your original keys. With built-in Wi-Fi, our lock requires no additional bridge to connect.

August Wi-Fi Smart Lock also works with your favorite smart home brands including security, control, and hosting platforms.

Installs in minutes

Easily attaches to your existing deadbolt on the inside of your door.

Built-in Wi-Fi

Get remote access right out of the box, no Wi-Fi bridge required.

Know your door is open

Includes DoorSense®, a sensor that tells you when your door is open or closed.

Guest access

Grant guests access for minutes, hours, days or more.

Activity Feed

Keep up-to-date with what's happening at your door.

State of the art security

August uses bank grade security for your data with AES 128 bit and TLS encryption.

Auto-Unlock & Auto-Lock

Auto-Unlock recognizes when you arrive and unlocks the door. Auto-Lock locks the door as you leave.

Smaller design

The 4th generation smart lock from August, now 45% smaller.
