# IP Over Coax Transmission Set

IP Video, Audio, Data and PoE

**0E-IPOC**

## PRODUCT DESCRIPTION

Simplify upgrades from analog to IP with UltraTech's IP Over Coax Transmission Set. This transmitter and receiver allow for the use of existing coaxial cable, while upgrading transmission to IP video, audio and data with PoE. Features include plug-and-play installation and compatibility with IEEE802.3af and IEEE802.3at PoE protocols.

## FEATURES

- **IP video, audio, data and PoE over coax**
- **Maximum 3,000′ (1,000m) transmission distance**
- **Up to 100 Mbps bandwidth over 1,200′ (365m) RG59/RG6 coaxial cable**
- **Plug-and-play, configuration free setup**
- **IEEE802.3af and IEEE802.3at PoE compatible**
- **21W maximum PoE load at 330′ (100m)**
- **Surge protection common mode 4Kv, differential mode 2Kv**

## SPECIFICATIONS

| | |
|---|---|
| **PART #** | **0E-IPOC** |
| **UPC** | 840049304468 |
| **TRANSMISSION DISTANCE** | Up to 3,000' (1,000m) |
| **TRANSMISSION SPEED** | 100 Mbps max. |
| **MAXIMUM POE LOAD** | 21W |
| **OPERATING TEMPERATURE** | -22°F to 149°F (-30°C to 65°C) |
| **DIMENSIONS (L x W x H)** | 4" x 1.9" x 0.9" (102 x 48 x 22mm) |
| **WEIGHT** | 2.4 ounces (68g) each |
